

83.10 SANCTIONS FOR LATE NOTIFICATION OF SETTLEMENT

If the parties in a civil action scheduled for jury trial settle or otherwise dispose of the action, then they must notify the Clerk before twelve noon of the last business day before the day when trial is scheduled to begin. Unless they show good cause, if the parties fail to so notify the Clerk, then the Court may assess equally against them and their attorneys the jury costs, including Marshal fees, mileage, and per diem.
