Case No. 4:25-CV-00043 (SRB)

**SUGGESTIONS IN SUPPORT OF
PLAINTIFFS' MOTION TO APPOINT
ANALYTICS CONSULTING LLC AS
SETTLEMENT ADMINISTRATOR**

INTRODUCTION

Pursuant to the Court's Order on Vendor Disclosure (ECF No. 135), Plaintiffs respectfully move the Court to appoint Analytics Consulting, LLC ("Analytics Consulting") as the Settlement Administrator. Analytics Consulting was identified by Plaintiffs in the Settlement Agreement as the proposed administrator, *see* Ex. A to Plaintiffs' Motion for Preliminary Approval (ECF No. 134-1) at ¶2.48. Plaintiffs' counsel selected the firm after soliciting and reviewing competing bids from multiple qualified settlement administrators.

These Suggestions address each of the elements identified in Item No. (2) of the Court's Order: (i) Analytics Consulting's qualifications to administer this \$2.6 million ERISA class action

SETTLEMENT ADMINISTRATOR

settlement; (ii) the prior matters in which Plaintiffs' counsel has retained Analytics Consulting; and (iii) the competitive process and due diligence by which counsel selected the firm, including diligence directed at the categories of risk enumerated in Item No. (1) of the Order. The accompanying Declarations of John Nestico (the "Nestico Decl.") and Analytics Consulting (the "Simmons Decl."), filed contemporaneously, supply the supporting detail.

I. Analytics Consulting Is Qualified and Capable of Administering This Settlement.

Analytics Consulting is an experienced, nationally recognized class action settlement administrator that has served in that capacity in more than a thousand settlements over 53 years of operation. Simmons Decl. ¶9. Analytics Consulting has experience administering class action settlements and performing the core functions required here, including implementing Court-approved notice, maintaining settlement-related records, operating settlement communications processes, processing claims or class-member information as needed, calculating and distributing payments, addressing returned or undeliverable payments, and preparing reports and accountings for counsel and the Court. See Simmons Decl. ¶1.

Analytics Consulting is well-suited to administer this Settlement in particular. The proposed Settlement establishes a \$2.6 million common fund for the benefit of a non-opt-out class certified under Federal Rule of Civil Procedure 23(b)(1) consisting of participants and beneficiaries of the Evergy, Inc. 401(k) Savings Plan who invested in the American Century Target Date Funds during the Class Period. *See* Order Certifying Class (ECF No. 112). Analytics Consulting's bid contemplates total administrative fees of approximately \$22,349¹ representing

¹ The bid from Analytics Consulting is based on certain assumptions about the number of Active and Former Participants which won't be known until data is collected by the Plan's recordkeeper and may increase or decrease depending on actual numbers.

approximately 0.65% (0.0065) of the Settlement Fund, for the scope of work described in the Settlement Agreement and the proposal attached to the Nestico Declaration. Nestico Decl. Exhibit 1. That figure is reasonable in both absolute and relative terms and reflects the efficient direct-distribution model the Plan of Allocation contemplates.

II. Plaintiffs' Counsel Has Previously Retained Analytics Consulting in Numerous Class Actions.

Class counsel has retained Analytics Consulting as settlement administrator in the matters listed on Exhibit A to these Suggestions. In each of those engagements, Analytics Consulting timely and accurately performed its obligations, including providing notice, processing class member inquiries, and distributing settlement proceeds without material incident. Nestico Decl. ¶ 4.

Counsel's repeated retention of Analytics Consulting reflects counsel's experience with the firm's competence, responsiveness, and reliability, particularly in ERISA defined-contribution plan settlements that, like this one, require coordination with plan recordkeepers and direct deposit of allocations into participant accounts.

III. Plaintiffs' Counsel Selected Analytics Consulting Through a Competitive Process and Reasonable Due Diligence.

Plaintiffs' counsel solicited competing bids from multiple qualified administrators before selecting Analytics Consulting. Nestico Decl. ¶ 2, 4, *See* Order on Vendor Disclosure at 3 (ECF No. 135) (directing counsel to disclose "whether there were any competing bids" for settlement administrator services). Specifically, counsel contacted three potential settlement administrators Analytics Consulting LLC, Atticus Administration LLC, and Stretto. Each vendor was provided with the same scope-of-work parameters and class size estimates and asked to submit a written proposal. Nestico Decl. ¶ 2. The bids received are summarized in, and attached as exhibits to, the

SUGGESTIONS IN SUPPORT OF PLAINTIFFS' MOTION TO APPOINT ANALYTICS CONSULTING, LLC AS
SETTLEMENT ADMINISTRATOR

Declaration of John Nestico. Counsel and Plaintiffs' co-counsel exchanged contemporaneous internal correspondence comparing the bids and the firms' prior performance. *See generally* Nestico Decl. Counsel selected Analytics Consulting based on a combination of factors, including (i) scope and pricing of the proposed services; (ii) counsel's prior experience with each bidder; (iii) the qualifications and capacity of proposed staffing; (iv) experience with ERISA defined-contribution plan administration; and (v) responsiveness and ability to meet the anticipated timeline. Nestico Decl. ¶4. As the Court has cautioned, "the value of services [is] not always represented by the lowest bid." Order on Vendor Disclosure at 3 (ECF No. 135). Counsel evaluated each bid on its merits rather than on price alone, and determined that Analytics Consulting's bid was in the best interests of the Class based on a combination of price and prior experience with Analytics. Nestico Decl. ¶4. Analytics Consulting's selection was further confirmed in the Settlement Agreement, in which the SageView and Evergy Defendants joined Plaintiffs in identifying Analytics Consulting as the proposed administrator. *See* ECF No. 134-1, *see also* Nestico Decl. ¶7.

Apart from having retained Analytics Consulting many times in the prior class action settlements identified on Exhibit A hereto with excellent results at competitive prices, Plaintiffs and their counsel have no other personal or business relationship with Analytics Consulting. Nestico Decl. ¶5.

Counsel also conducted due diligence directed at the categories of risk identified in Item No. (1) of the Court's Order. Nestico Decl. ¶6. Specifically, counsel sought and obtained information from Analytics Consulting regarding: (a) any compensation or thing of value the administrator would receive beyond the disclosed fee, including interest or float on settlement deposits and revenue-sharing arrangements with payment, claims-processing, social-media, or

other vendors; (b) any fees that class members or claimants could be charged in connection with the Settlement, including interchange fees, dormancy fees, or retention of residual balances; (c) whether data about visitors to the settlement website or other class data would be shared with third parties not involved in administering the Settlement, including via trackers or pixels; (d) Analytics Consulting's fraud-prevention plan, including procedures for securely handling class member data, retention and destruction policies, crisis-response protocols, and errors-and-omissions insurance coverage; and (e) any prior instances in which Analytics Consulting was terminated from, or sued in connection with, the administration of a settlement. Nestico Decl. ¶6. Analytics Consulting's detailed responses on each topic are set forth in the Declaration of Analytics Consulting filed contemporaneously herewith pursuant to Item No. (1) of the Court's Order. *See generally* Simmons Decl. Although Class Counsel did not expressly inquire of each bidding vendor regarding their possible application of artificial intelligence in the administration of the settlement, analysis of the requirements for administration of the settlement, based on oversight of dozens of such settlements in the context of ERISA class actions, indicates that there is no opportunity to apply artificial intelligence to settlement administration. Nestico Decl. ¶3.

The Long Form and Short Form notices were individually drafted by Class Counsel and Defense Counsel involving multiple drafts and based expressly on the terms of the Settlement Agreement which itself was intensely negotiated over a period of weeks. Nestico Decl. ¶8. Settlement Notice will be delivered in accordance with U.S. Department of Labor rules governing delivery requirements for important plan documents and notices. Class Member identification and account information will be derived from Plan records maintained by the recordkeeper, and address information will be updated using the National Change of Address ("NCOA") database maintained by the United States Postal Service ("USPS"); certified via the Coding Accuracy Support System

(“CASS”) and verified through Delivery Point Validation (“DPV”). Allocation of the Net Settlement Fund will be accomplished using Excel spreadsheets or similar data analysis software applying a simple mathematical formula described in the Plan of Allocation, the results of which will be reviewed by Class Counsel and the Plan’s recordkeeper. Nestico Decl.¶9.

Lastly, in accordance with item No. 4 of the order, Plaintiffs’ counsel has no amendment to their responses to the Order on Ethics Conflict Disclosure (ECF Nos. 113, 117, 118).

CONCLUSION

For the foregoing reasons, Plaintiffs respectfully request that the Court enter an Order appointing Analytics Consulting LLC as the Settlement Administrator.

DECLARATION OF JOHN J NESTICO IN SUPPORT OF PLAINTIFFS' MOTION FOR
APPOINTMENT OF ANALYTICS CONSULTING LLC AS SETTLEMENT
ADMINISTRATOR

Case No. 4:25-CV-00043 (SRB)

I, John J. Nestico, declare under penalty of perjury pursuant to 28 U.S.C.A. Section 1746, that the following is true and correct.

1. I am an attorney with the Law Firm of Schneider Wallace Cottrell Kim LLP, Co-Lead Class Counsel in this action. I am a member in good standing of the bars of the States of Connecticut, New York, and North Carolina, and am admitted *pro hac vice* before this Court.

2. In accordance with the District's Procedural Guidance for Class Action Settlements, I obtained multiple competing bids from potential settlement administrators, including from Analytics Consulting LLC, Atticus Administration, LLC, and Stretto. Each bidder was asked to provide an estimate of cost considering the same criteria, including: (1) the estimated class size; (2) the use of emailed and mailed notice to class members; (3) on the basis that Short-Form post card notice must be sent by mail to all Class Members who have not consented to electronic delivery in accordance with Department of Labor regulations; (4) the need for additional searches for those Class Members whose Notice is returned as undeliverable and for an any Class Member whose mailed check is either returned as undeliverable or remains uncashed as of the end of the 180-day effective date; (5) on the basis of Class Members not needing to file either claims forms or rollover forms; (6) based on maintaining an internet website on which would be posted the Long-Form Class Notice, Settlement Agreement and other important litigation documents and a mechanism for Class Members to ask questions of the Settlement Administrator and/or Class Counsel as well as a toll-free telephone number for Class Members to obtain additional information in the form of an interactive voice response ("IVR") system; and (7) on the basis that the CAFA notice will be prepared by Defendants but delivered by the Settlement Administrator.

3. In the Court's Order on Vendor Disclosure (ECF No. 135) (hereby referred to as "Order"), the court inquired on the use of artificial intelligence in the administration of the settlement. Although Class Counsel did not expressly inquire of each bidding vendor regarding their possible application of artificial intelligence in the administration of the settlement, based on

DECLARATION OF JOHN J NESTICO IN SUPPORT OF PLAINTIFFS' MOTION FOR
APPOINTMENT OF ANALYTICS CONSULTING LLC AS SETTLEMENT
ADMINISTRATOR
Case No. 4:25-CV-00043 (SRB)

oversight of dozens of such settlements in the context of ERISA class actions, analysis of the requirements for administration of the settlement indicates that there is no opportunity to apply artificial intelligence to settlement administration.

4. After a thorough review of the three bids received, adjusting for variations in assumptions about the number of checks to be written, rates of returned mail, returned checks, and uncashed checks, the three bids were assessed to be substantially comparable, and each one covered all aspects including notice, allocation calculations, coordination with the recordkeeper, additional searches, re-mailing, tax withholding and reporting, and were within a few thousand dollars of each other. The decision to select Analytics Consulting LLC, the middle-priced bidder, came down to the longevity of Analytics Consulting in a highly competitive business, the number of successfully administered settlements over decades, their experience with ERISA defined-contribution plan administration, the comprehensiveness of their proposal with the ability to meet the anticipated timeline, and the direct exemplary experience of Class Counsel in prior cases in which Analytics Consulting served as Settlement Administrator. Analytics Consulting's proposal and cost estimate is attached to this declaration as **Exhibit 1**.

5. Although Analytics Consulting has been retained many times in prior class actions, as identified in Exhibit A attached to the Suggestions in Support of Plaintiffs' Motion to Appoint Analytics Consulting LLC as Settlement Administrator, Plaintiffs and their counsel have no other personal or business relationship with Analytics Consulting.

6. Pursuant to the Court's Order, Class counsel also sought to obtain information from Analytics Consulting regarding: (a) any compensation or thing of value the administrator would receive beyond the disclosed fee, including interest or float on settlement deposits and revenue-sharing arrangements with payment, claims-processing, social-media, or other vendors; (b) any fees that class members or claimants could be charged in connection with the Settlement, including interchange fees, dormancy fees, or retention of residual balances; (c) whether data about visitors

to the settlement website or other class data would be shared with third parties not involved in administering the Settlement, including via trackers or pixels; (d) Analytics Consulting's fraud-prevention plan, including procedures for securely handling class member data, retention and destruction policies, crisis-response protocols, and errors-and-omissions insurance coverage; and (e) any prior instances in which Analytics Consulting was terminated from, or sued in connection with, the administration of a settlement.

7. Analytics Consulting's selection was further confirmed in the Settlement Agreement, dated May 6, 2026, in which SageView and the Evergy Defendant joined Plaintiffs in identifying Analytics Consulting as the proposed settlement administrator.

8. Attached as exhibits to the Settlement agreement are the Long Form and Short Form notices. The Long Form and Short Form notices were individually drafted by Class Counsel and Defense Counsel involving multiple drafts and based expressly on the terms of the Settlement Agreement which itself was intensely negotiated over a period of weeks.

9. Settlement Notice will be delivered in accordance with U.S. Department of Labor rules governing delivery requirements for important plan documents and notices. Class Member identification and account information will be derived from Plan records maintained by the recordkeeper, and address information will be updated using the National Change of Address ("NCOA") database maintained by the United States Postal Service ("USPS"); certified via the Coding Accuracy Support System ("CASS") and verified through Delivery Point Validation ("DPV"). Allocation of the Net Settlement Fund will be accomplished using Excel spreadsheets or similar data analysis software applying a simple mathematical formula described in the Plan of Allocation, the results of which will be reviewed by Class Counsel and the Plan's recordkeeper.

TERMS AND CONDITIONS

All services to be provided by Analytics Consulting LLC ("Analytics"), including services provided to Client as set forth in the attached Proposal, are subject to the following Terms and Conditions. For purposes hereof, the Proposal and the Terms and Conditions are hereinafter referred to as the "Agreement"

1. **SERVICES.** Subject to the terms and conditions herein, the Client agrees to retain Analytics to provide services (the "Services") necessary to perform the tasks specified in the foregoing Proposal (the "Proposal"), and Analytics agrees to provide such Services for the Client subject to these terms and conditions. The parties agree and understand that none of the Services constitute legal advice.
2. **TERM.** This Agreement between the parties shall be effective on the date that the Client accepts the Proposal by (a) signing the Proposal, (b) sending a confirmation to Analytics by electronic mail that it has reviewed and agrees to the Proposal and agrees to engage Analytics on the terms and conditions of the Proposal, or (c) by acknowledging by letter or electronic mail that Analytics was appointed by the applicable court to provide the Services and that such appointment and the Services are subject to the terms and conditions of the Proposal, and, unless earlier terminated in accordance with Section 3 hereof, will remain in effect until completion of the Services.
3. **TERMINATION.** The Client may terminate the Services to be provided under this Agreement at any time on at least thirty (30) calendar days' prior written notice to Analytics. Analytics may terminate this Agreement (a) with ten (10) calendar days' prior written notice if the Client is not current in payment of Fees and/or Reimbursable Expenses, or (b) in any event, upon at least three (3) months' prior written notice to the Client. Termination of this Agreement for any reason or no reason at all shall in no event relieve the Client from tendering full and timely payment to Analytics for work performed or expenses incurred prior to the date of termination.
4. **CHARGES FOR SERVICE.** The Client agrees to pay Analytics its fees as outlined in this Proposal (the "Fees") for the Services provided by Analytics. The Client acknowledges that the rates (both unit prices and hourly rates) contained therein were negotiated at arm's length and may vary depending on the circumstances of each case. The Client acknowledges that the fees quoted therein (and any fees quoted in any proposal for additional services executed by the parties) are estimates based on information provided to Analytics by the Client and actual fees and charges may vary depending on the circumstances and length of the case. The Client shall be responsible for payment of all state and local sales and use taxes, if any, levied upon the charges payable by the Client hereunder. Analytics' prices are inclusive of commission and other charges and are generally adjusted periodically to reflect changes in the business and economic environment. Analytics reserves the right to reasonably increase its prices, charges and rates annually. If any such increase exceeds 10%, Analytics will give thirty (30) days written notice to Client. The Client agrees that, unless otherwise agreed to in writing, the Fees and Reimbursable Expenses outlined in this Proposal shall not be subjected to court approval. Fees and expenses will be the client's responsibility to pay regardless of court approval.
5. **EXPENSES.** In addition to the compensation set forth in Section 4, the Client shall reimburse Analytics for all out-of-pocket expenses reasonably incurred by Analytics in connection with the performance of the Services ("Reimbursable Expenses"). The Reimbursable Expenses may include, but are not limited to, postage, banking fees, brokerage fees, costs of messenger and delivery service, travel, filing fees, and other similar expenses. The Client acknowledges and understands that Analytics may derive financial benefits from financial institutions in connection with the deposit of settlement funds with such institutions, including, without limitation, earnings credits, discounts on certain banking services/fees, and placement fees accruing on the outstanding balance of such deposits. Such amounts, if any, shall be retained by Analytics to offset administration costs or as additional compensation for services provided. In some cases, Analytics may also receive a rebate at the end of a year from a vendor. The Client hereby waives any claim or right to any such discounts or rebates received by Analytics.
6. **PAYMENT OF CHARGES.** Analytics shall bill the Client for its Fees and Reimbursable Expenses on a regular basis and Client agrees that the amount invoiced is due and payable upon receipt. If any amount is unpaid as of thirty (30) days from the receipt of the invoice, the Client further agrees to pay a late charge (the "Service Charge"), calculated as one and one-half percent (1-1/2%) of the total amount unpaid every thirty (30) days. In the case of a dispute in the invoice amount, Client shall give written notice to Analytics within twenty (20) days of receipt of the invoice by Client. Decisions of the court and actions of the parties, including but not limited to objection, rejection, disapproval or withdrawal of a settlement, do not affect the Client's liability to Analytics for payment of the Fees and Reimbursable Expenses. Services are not provided on a contingency fee basis. Notwithstanding the foregoing, where total charges are expected to exceed \$10,000 in any single month, Analytics may require advance payment from Client due and payable upon demand and prior to the performance of services. Unless otherwise agreed to in writing, the costs of print notice and media publication (including commissions) as well as for certain expenses, such as postage, must be paid at least ten (10) days in advance of those expenses being incurred.
7. **DEFERRAL OF PAYMENT.** Analytics may, at its discretion and upon the written request of the Client, defer payment of Fees and Reimbursable Expenses for the requested length of time. This deferral is subjected to a service charge of 1% per month or, if less, the highest rate permitted by law, and may last no longer than twelve (12) months. Failure of the Client to fully pay the deferred Fees and Reimbursable Expenses after twelve (12) months shall constitute a material breach of this Agreement, and, unless otherwise agreed upon in writing, Analytics may take legal actions to collect any amount unpaid. Analytics approval of any deferral shall not constitute or be construed as future approval of future deferral requests.
8. **FURTHER ASSURANCES.** Client agrees that it will use its best efforts to include provisions reasonably acceptable to Analytics in any relevant court order, settlement agreement or similar document that provide for the payment of Analytics' fees and expenses hereunder. No agreement to which Analytics is not a party shall reduce or limit the full and prompt payment of Analytics' fees and expenses as set forth herein and in the Proposal.
9. **INDEPENDENT CONTRACTOR.** Analytics is an independent contractor and no agency, partnership, joint venture or employment relationship shall arise, directly or indirectly, as a result of the Services or these Terms and Conditions.
10. **CONFIDENTIALITY.** Each of Analytics and Client, on behalf of themselves and their respective employees, agents, professionals and representatives, agrees to keep confidential all non-public records, systems, procedures, software and other information received from the other party in connection with the Services; provided. Should Analytics ever be notified of any judicial

order or other proceedings in which a third party seeks to obtain access to the confidential data created by or for the Client, Analytics will promptly notify the Client, unless prohibited by applicable law. The Client shall have the option to (i) provide legal representation at the Client's expense to avoid such access, or (ii) promptly reimburse Analytics for any of its costs, including attorneys' fees reasonably incurred in avoiding, attempting to avoid, or providing such access and not paid by the entity seeking the data. If Analytics is required, pursuant to a court order, to produce documents, disclose data, or otherwise act in contravention of the obligations imposed by this Agreement or otherwise, with respect to maintaining the confidentiality, proprietary nature and secrecy of the produced documents or disclosed data, Analytics will not be liable for breach of said obligation. These provisions shall survive termination of Services.

11. STANDARD BANKING PROCEDURES. In accordance with Analytics' standard banking procedures, Analytics will establish a demand deposit checking account (i.e. non-interest bearing) for funds received related to a distribution, unless directed otherwise in writing by the parties or unless the settlement agreement stipulates otherwise. When directed to invest funds in an interest bearing or investment account, Analytics intends to invest all funds in U.S. government backed securities, unless directed by the Client in writing or the settlement agreement or distribution plan to invest in other types of securities; however, even in cases where funds are temporarily placed in interest bearing or investment accounts, funds will eventually be migrated to a demand deposit checking account prior to a fund distribution.

12. RIGHTS IN DATA. Analytics does not convey nor does the Client obtain any right in the programs, system data, or materials utilized or provided by Analytics in the ordinary course of business in the performance of this Agreement.

13. DOCUMENT RETENTION. Unless directed otherwise in writing by Client, Analytics will destroy undeliverable notice mail on the effective date of the settlement or the date that the disposition of the case is no longer subject to appeal or review, whichever is later. Analytics will maintain claim forms and other correspondence for one year after final distribution of funds or benefits, or until the date that the disposition of the case is no longer subject to appeal or review, whichever is later. Analytics will retain all bank and tax documents for such period of time as it determines is required to maintain compliance with various federal and state requirements. This provision shall not pertain to routine data back-ups nor shall it adversely affect Analytics' right to retain copies of materials it deems necessary to comply with applicable laws, corporate retention policies, or audit requirements.

14. LIMITATIONS OF LIABILITY AND INDEMNIFICATION. To the fullest extent permitted by applicable law, Client shall indemnify, defend, and hold harmless Analytics and its affiliates, members, directors, officers, employees, consultants, subcontractors, and agents (collectively, the "Indemnified Parties") from and against any and all losses, claims, damages, judgments, liabilities, and expenses, including reasonable attorneys' fees and costs (collectively, "Losses"), arising out of or related to Analytics' performance of the Services. This obligation shall not apply to any Losses resulting from the gross negligence or willful misconduct of Analytics. Without limiting the foregoing, Losses shall include, but are not limited to: 1) Claims brought by third parties against any Indemnified Party; 2) Claims by co-counsel concerning the allocation of attorneys' fees or expenses; and, 3) Claims by class or collective action members relating to the faithful administration of any engagement. Client shall notify Analytics in writing promptly upon the assertion, threat or commencement of any claim, action, investigation or proceeding that Client becomes aware of with respect to the Services provided by Analytics. Except as provided herein, Analytics' liability to Client or any person making a claim through or under Client or in connection with Services for any Losses of any kind, even if Analytics has been advised of the possibility of such Losses, whether direct or indirect and unless due to gross negligence or willful misconduct of Analytics, shall be limited to the total amount billed or billable for the portion of the particular work which gave rise to the alleged Loss. In no event shall Analytics' liability for any Losses, whether direct or indirect, arising out of the Services exceed the total amount billed to Client and actually paid to Analytics for the Services. In no event shall Analytics be liable for any indirect, special or consequential damages such as loss of anticipated profits or other economic loss in connection with or arising out of the Services. Except as expressly set forth herein, Analytics makes no representations or warranties, express or implied, including, but not limited to, any implied or express warranty of merchantability, fitness or adequacy for a particular purpose or use, quality, productiveness or capacity. The provisions of this Section 14 shall survive termination of Services.

15. NOTICE. Any notice required or permitted hereunder shall be in writing and shall be delivered personally, by, or sent by registered mail, postage prepaid, or overnight courier service to the responsible officer or principal of Analytics or the Client, as applicable, and shall be deemed given when so delivered personally, or, if mailed, five days after the date of deposit in United States mail, or, if sent by courier, one business day after delivery to such courier service.

16. FORCE MAJEURE. To the extent performance by Analytics of any of its obligations hereunder is substantially prevented by reason of any act of God or by reason of any other matter beyond Analytics' reasonable control, then such performance shall be excused and this Agreement, at Analytics' option, be deemed suspended during the continuation of such condition and for a reasonable time thereafter.

17. NONWAIVER OF RIGHTS. No failure or delay on the part of a party in exercising any right hereunder will operate as a waiver of, or impair, any such right. No single or partial exercise of any such right will preclude any other or further exercise thereof or the exercise of any other right. No waiver of any such right will be effective unless given in a signed writing.

18. GOVERNING LAW; JURISDICTION. This Agreement will be governed by and construed in accordance with the laws of the State of Minnesota (without reference to its conflict of laws provisions). The parties hereto irrevocably and unconditionally submit to the jurisdiction of the courts of the State of Minnesota, County of Hennepin, or, if it has or can acquire jurisdiction, in the United States District Court – District of Minnesota for purposes of any suit, action or proceeding to enforce any provision of, or based on any right arising out of, this Agreement. The parties hereto hereby irrevocably and unconditionally waive any objection to the laying of venue of any such suit, action or proceeding in such Court.

19. SURVIVAL. All accrued payment obligations hereunder, any remedies for breach of this Agreement, this Section and the following Sections will survive any expiration or termination of this Agreement: Section 10, 12, 14, 17, and 18.

20. ENTIRE AGREEMENT. These Terms and Conditions and the Proposal embody the entire agreement between the parties with respect to the subject matter hereof, and cancels and supersedes all prior negotiations, representations, and agreements related thereto, either written or oral, except to the extent they are expressly incorporated herein. No changes in, additions to, or waivers of, the Terms and Conditions set forth herein will be binding upon any Party, unless approved in writing by such Party's authorized representative.

Case No. 4:25-CV-00043 (SRB)

**DECLARATION OF RICHARD
SIMMONS IN SUPPORT OF
PLAINTIFFS' MOTION FOR
SELECTION OF ANALYTICS LLC AS
SETTLEMENT ADMINISTRATOR**

I, Richard W. Simmons, have personal knowledge of the facts and opinions set forth herein, and I believe them to be true and correct to the best of my knowledge. If called to do so, I would testify consistently with the sworn testimony set forth in this Declaration. Under penalty of perjury, I state as follows:

I. SCOPE OF ENGAGEMENT

1. I am the President of Analytics Consulting LLC (“Analytics”)¹. My company is one of the leading providers of class and collective action notice and claims management programs in the nation. It is my understanding that Analytics’ class action consulting practice, including the design and implementation of legal notice campaigns, is the oldest in the country. Through my work, I have personally overseen court-ordered class and collective notice programs in more than 2,500 matters, including more than sixty settlements related to participants in 401(k) plans.
2. This Declaration is filed in response to the Court’s Order on Vendor Disclosure and in support of Class Counsel’s Motion for Selection of Analytics, LLC As Settlement Administrator.

II. RESPONSE TO THE COURT’S ORDER ON VENDOR DISCLOSURE

3. Describe any money or thing of value the administrator will receive in connection with the settlement beyond the fee described in the preliminary approval papers, including interest or float on settlement deposits, payments from depository banks, and any revenue-sharing, ownership percentage, or markups on settlement services from payment, claims processing, social media, or other vendors.

- a. Analytics will receive discounted banking services from the depository bank in this matter. Analytics will not receive any revenue-sharing, ownership

¹ In October 2013, Analytics Consulting LLC acquired Analytics, Incorporated. I am the former President of Analytics, Incorporated (also d/b/a “BMC Group Class Action Services”). References to “Analytics” herein include the prior legal entity.

percentage, or markups on settlement services from payment, claims processing, social media, or other vendors.

4. Describe any fees class members or claimants could be charged by the administrator or its subcontractors in connection with the settlement, including interchange fees, dormancy fees, or retention of residual balances.

- a. Class members will not be charged any fees by Analytics or its subcontractors.

5. Describe whether data about visitors to the settlement website or other settlement class data will be shared with third parties not involved in administering the settlement, including via trackers or pixels:

- a. Data about visitors will not be shared with third parties not involved in administering the settlement, including via trackers or pixels.

6. Describe whether artificial intelligence will be used to administer the settlement either by the administrator or subcontractors and, if so, what safeguards will ensure accuracy and lack of bias:

- a. Analytics does not anticipate that artificial intelligence will be used to administer the settlement either by Analytics or its subcontractors

7. Provide a detailed fraud prevention plan, including procedures for securely handling class member data. This includes, but is not limited to, technical and administrative controls, retention and destruction policies, and crisis response protocols. Information regarding the administrator's acceptance of responsibility and maintenance of sufficient insurance in case of errors shall also be provided.

- a. In order to comply with various state and federal data privacy laws, Analytics goes to great lengths to protect the confidentiality of the sensitive data we maintain on behalf of our clients. We have developed, documented, and implemented extensive programs to provide security for the information and information systems that support our class action consulting operations.
- b. Exceeding the requirements of SOC2, Analytics has either an "authority to operate" or "authority to use" from the Federal Trade Commission and the

Securities and Exchange Commission under the Federal Information Security and Management Act (FISMA) to maintain critical and sensitive data regarding class members and potential claimants. This independent review and approval covers all of the systems, processes, and procedures needed to ensure the confidentiality, integrity and availability of client/claimant data. A summary of Analytics' current policy regarding information security is included herewith as Exhibit 1. All of the information security factors associated with the Northern District of California's Settlement Administration Data Protection Checklist are addressed within this framework.

- c. Analytics' privacy policies and assessments that will govern this engagement have been reviewed and approved by the Federal Trade Commission, including a review by its Chief Privacy Officer.
- d. Analytics currently maintains a comprehensive insurance program, including sufficient Errors & Omissions coverage.
- e. Analytics recognizes that the security and privacy of client and class member information and data are paramount, which is why Analytics has developed policies and procedures to secure our physical and network environments and to ensure the protection of data. Our comprehensive System Security Plan and Policies include: Access Control; Accountability, Audit and Risk Management; Awareness and Training; Audit and Accountability; Security Assessment and Authorization; Configuration Management; Contingency Planning; Identification and Authentication; Incident Response; Maintenance; Media Protection; Physical and Environmental Protection; Planning; Personnel Security; Risk Assessment;

System and Services Acquisition; System and Communications Protection; and System and Information Integrity policies and procedures. Copies of all data are stored locally and in a secure cloud repository. This ensures that should our systems go down for any reason, all data will remain accessible so that cases may be administered with limited interruption.

f. Analytics has invested in a layered set of trusted security personnel, controls, and technology to protect the data we handle. To promote a secure environment for client and class member data, industry leading firewalls and intrusion prevention systems protect and monitor our network perimeter with regular vulnerability scans and penetration tests. Analytics deploys best-in-class endpoint detection, response, and anti-virus solutions on all of our endpoints and servers. Analytics has implemented strong authentication mechanisms and multi-factor authentication is required to remotely access Analytics' systems and the data we protect. Analytics has a dedicated information security team comprised of highly trained, experienced, and qualified security professionals. Our teams stay on top of important security issues, and coordinate regularly with the information security teams at the Securities and Exchange Commission and the Federal Trade Commission. Analytics' robust policies and processes cover all aspects of information security to form part of an industry leading security and compliance program, which is regularly assessed by independent third parties. Our practices and systems are compliant with the California Consumer Privacy Act, as currently drafted and follow local, national, and international privacy regulations. Analytics is also committed to a culture of security mindfulness. All employees routinely undergo annual cybersecurity training to ensure that safeguarding information and cybersecurity vigilance is a core practice in all aspects of the work our teams complete.

8. Provide a detailed explanation of any time the administrator has quit or been terminated from any case, as well as any instance in which the administrator has been sued for actions arising from the administration of funds:

a. Analytics has not quit or been terminated from any case. Analytics has been sued twice:

- 1) In connection with a fee dispute among counsel, Analytics received conflicting instructions as to the distribution of attorney fees. Analytics declined to distribute funds until after we received consistent instructions from counsel or a court order. The matter was subsequently settled.
- 2) In connection with a consumer with a claim in a government redress matter for the District of Columbia. The consumer was not pleased that he was denied a payment because he owed taxes to the District of Columbia, so he sued Analytics and the District of Columbia. The case was dismissed.

III. QUALIFICATIONS AND EXPERIENCE

9. Founded in 1970, Analytics has consulted for 56 years regarding the design and implementation of legal notice and claims management programs relating to class and collective action litigation. These engagements include notice and claims administration involving antitrust, civil rights, consumer fraud, data breach, employment, insurance, product defect/liability, and securities litigation. Attached to this declaration is a list of more than a thousand cases for which Analytics Consulting has served as settlement administrator.

10. Analytics' clients include corporations, law firms (both plaintiff and defense), and the federal government. Analytics' long-term federal contracts include the following: a) Since 1998, Analytics has been under contract (five consecutive five-year contracts) with the Federal Trade Commission (FTC") to administer and provide expert advice regarding notice (including published notice) and claims processing in their settlements/redress programs. b) In 2012,

Analytics was awarded a 10-year contract by the Department of Justice (“DOJ”) to administer and provide expert advice regarding (including published notice) notice and claims processing to support their asset forfeiture/remission program; and, c) Since 2013, Analytics has been appointed as a Distribution Agent (two consecutive five-year terms) by the Securities and Exchange Commission (“SEC”) to administer and provide expert advice regarding notice (including published notice) and claims processing to support their investor settlements.

11. I joined Analytics in 1990 and have 36 years of direct experience in designing and implementing class action settlements and notice campaigns. The notice programs I have managed range in size from fewer than 100 class members to more than 40 million known class members, including some of the largest and most complex notice and claims administration programs in history.

12. I have testified in state and federal courts as to the design and implementation of notice programs, claims processes, and the impact attorney communications has had on claims rates. As has always been my practice, I personally performed or oversaw Analytics’ consulting services in each of the cases indicated on my CV, which is attached hereto as Exhibit 2.

13. I have presented to panels of judges and lawyers on issues regarding class notice, claims processing, and disbursement. In 2011, I was a panelist at the Federal Judicial Center’s (“FJC”) workshop/meeting regarding class action notice and settlement administration. In 2014, I was interviewed by the CFPB regarding notice and claims administration in class action litigation as part of their study on arbitration and consumer class litigation waivers. In 2016, I worked with the FTC to conduct research regarding: a) the impact of alternate forms of notice on fund participation rates; and b) the impact of alternate formats of checks on check cashing rates. In 2016, I was an invited participant to the Duke Law Conference on Class Action Settlements

regarding electronic notification of class members. In 2017, I was the primary author of the Duke Law Conference on Class Action Settlement's guide to best practices regarding the evaluation of class action notice campaigns (including notice by electronic means). In 2021, I assisted in the development of Rebiej Litigation Law Center's forthcoming Class Action Best Practices Checklist. In 2023, I was invited to join the Rebiej Litigation Law Center's Advisory Council.

14. I have co-authored and presented CLE programs and whitepapers regarding class notice and class action claims administration. In 2016, I co-authored a paper titled "Crafting Digital Class Notices That Actually Provide Notice" (Law360.com, New York (March 10, 2016)). My speaking engagements regarding class notice include: Risks and Regulations: Best Practices that Protect Class Member Confidentiality, HB Litigation Conference on Class Action Mastery in New York City (2018); Recent Developments in Class Action Notice and Claims Administration, Practising Law Institute in New York City (2017); The Beginning and the End of Class Action Lawsuits, Perrin Class Action Litigation Conference in Chicago (2017); Class Action Administration: Data and Technology, Harris Martin Target Data Breach Conference in San Diego (2014); Developments in Legal Notice, accredited CLE Program, presented at Shook Hardy & Bacon, LLP in Kansas City (2013), Halunen & Associates in Minneapolis (2013), and Susman Godfrey in Dallas (2014); and Class Actions 101: Best Practices and Potential Pitfalls in Providing Class Notice, CLE Program, presented to the Kansas Bar Association (March 2009).

I declare, under penalties of perjury, is true and correct to the best of my knowledge.

Dated: May 13, 2026

Exhibit 1

Information security is more than a risk management policy and locked office doors. As part of ongoing contractual relationships, Analytics' information security program is reviewed by the Federal Trade Commission and the Securities and Exchange Commission. The most recent review and re-authorization of Analytics' systems occurred by the Securities and Exchange Commission in December 2021. These same systems and facilities would be utilized by Analytics in this matter.

Data Security Measures and Certification/Compliance Standards

In light of uncertainty and marketing representations made regarding the “alphabet soup” of information security standards (HIPAA, ISO 27001, NIST, PCI/DSS, SAS70, SOC2, SSAE16, for example), Analytics chose to implement the National Institute of Standards and Technology (“NIST”) Cybersecurity Framework released in 2014. This Framework embodies best practices from the various standards bodies and can be mapped directly to any of these standards¹. It requires us to conduct a risk assessment regarding the data that we maintain (be it credit card data, health, or financial information), develop a System Security Plan to address those risks, and then continuously test our compliance with that plan.

Within this standard – also in NIST Publication 800-53 (Security and Privacy Controls for Federal Information Systems and Organizations) - there are various tiers of commitments to information security. After consultation with the Securities and Exchange Commission and the Federal Trade Commission (the agency charged with enforcing data privacy), we chose to implement one of the highest standards – “FISMA” Moderate² (meeting the information security requirements for the top 10% of Federal systems).

We hold a FISMA-moderate “authority to operate” from the Securities and Exchange Commission, and a NIST800-171 authorization from the Federal Trade Commission. Our systems are also subject to an annual SOC1 Type 2 audit. These are the same systems that will be used to manage this settlement.

¹ For example, SOC2 compliance does not indicate NIST compliance, but NIST compliance at the level that Analytics maintains indicates full SOC2 compliance.

² FISMA is the acronym for the Federal Information Security Management Act of 2002 that established the initial NIST authority and framework.

Highlights of Analytics' information security plan include:

- A comprehensive, written Information Security Plan designed to comply with applicable state and Federal laws and to ensure the confidentiality, integrity, and availability of client data.
- A dedicated information security team, including an Information Technology Security officer, with specific responsibility of implementing and overseeing the Information Security Plan.
- An on-site 3,000 square foot enterprise grade Tier III data center.
- Analytics' online claims systems are regularly scanned by the Department of Homeland Security to ensure data confidentiality.
- All Analytics personnel who have full access to client data have undergone comprehensive background checks for the Department of Justice and the Federal Trade Commission.
- Periodic evaluations of the implementation of Analytics' Information Security Plan, including annual reviews by the Securities and Exchange Commission, the Department of Justice, the Federal Trade Commission, and other external auditors.

System Security Plan and Policies

Copies of Analytics Privacy Impact Assessment and System Security Plan are available upon request. Analytics policies cover the following control areas:

- Access Control
- Accountability, Audit and Risk Management
- Awareness and Training
- Audit and Accountability
- Security Assessment and Authorization
- Configuration Management
- Contingency Planning
- Identification and Authentication
- Incident Response
- Maintenance
- Media Protection
- Physical and Environmental Protection
- Planning
- Personnel Security
- Risk Assessment
- System and Services Acquisition
- System and Communications Protection
- System and Information Integrity

Exhibit 2

Richard W. Simmons

Richard W. Simmons is the President of Analytics Consulting LLC¹. Mr. Simmons joined Analytics in 1990 and has more than 33 years of experience developing and implementing class action communications and settlement programs.

Mr. Simmons' first legal notice consulting engagement was the *Schwan's Salmonella Litigation* settlement (*In Re: Salmonella Litigation*, Case No. 94-cv-016304 (D. Minn.)). Since then, he has:

- Developed and implemented notice campaigns ranging in size up to 45 million known class members (and 180 million unknown class members);
- Testified regarding legal notice in building products, civil rights, consumer products, environmental pollution, privacy, and securities litigation settlements;
- Managed claims processes for settlement funds ranging up to \$1 billion in value.

As part of Analytics' ongoing class action notice consulting practice, Mr. Simmons:

- testified regarding the adequacy of notice procedures in direct notice cases (including the development of class member databases);
- testified regarding the adequacy of published notice plans;
- has been appointed as a Distribution Fund Administrator by the Securities and Exchange Commission tasked with developing Distribution Plans for court approval;
- has been retained as an expert by the Federal Trade Commission to testify regarding the effectiveness of competing notice plans and procedures; and,
- acted as the primary author for the Duke Law Center's guidelines for best practices regarding the evaluation of class action notice campaigns.
- assisted in developing the George Washington University Law School's Class Action Best Practices Checklist.
- acted as the primary author for the Rabiej Litigation Law Center's Class Action Best Practices.

In addition to his class action consulting work, Mr. Simmons has taught a college course in antitrust economics, was a guest lecturer at the University of Minnesota Law School on issues of statistical and economic analysis, was a charter member of the American Academy of Economic and Financial Experts and was a former referee for the Journal of Legal Economics (reviewing and critiquing peer reviewed articles on the application of economic and statistical analysis to legal issues). Mr. Simmons is a published author on the subject of damage analysis in Rule 10b-5 securities litigation.

¹ In October 2013, Analytics Consulting LLC acquired Analytics Incorporated. I am the former President of Analytics Incorporated. References to Analytics herein include the prior legal entities.

Mr. Simmons graduated from St. Olaf College with a B.A. in Economics (with a year at University College, Dublin), pursued a PhD. in Agricultural and Applied Economics (with a concentration in industrial organization and consumer/behavioral economics) at the University of Minnesota², and has received formal media planning training from New York University.

APPLICATION OF TECHNOLOGY TO CLASS ACTION SETTLEMENTS

Mr. Simmons has been a visionary in the application of the Internet to class action notice campaigns and the management of settlements:

- In 1995, Mr. Simmons was the first in the nation to support class action settlements with an online presence, that included the ability to check online, the status of their claims.
- In 2000, Mr. Simmons invented online claims submission in class action litigation, filing a patent application governing “*Method and system for assembling databases in multiple-party proceedings*” US20010034731 A1.
- In 2002, Mr. Simmons established an online clearinghouse for class action settlements that provided the public with information regarding class action settlements and provided them with the ability to register for notification of new settlements. This clearinghouse received national press attention as a resource for class action settlements.
- From 2003 through 2013, Analytics’ incremental changes in Internet support included class member verification of eligibility, locator services that identified retail outlets that sold contaminated products, secure document repositories, and multi-language support.
- In 2014, Mr. Simmons was the first to utilize and testify regarding product-based targeting in an online legal notice campaign
- In 2014, Analytics, under Mr. Simmons’ leadership, released the first-class action settlement support site developed under e-commerce best practices.

SPEAKER/EXPERT PANELIST/PRESENTER

Mr. Simmons has presented to panels of judges and lawyers on issues regarding class notice, claims processing, and disbursement:

- Mr. Simmons served as a panelist for the Francis McGovern Conferences on “Distribution of Securities Litigation Settlements: Improving the Process”, at which regulators, judges, custodians, academics, practitioners and claims administrators participated.
- In 2011, Mr. Simmons was a panelist at the Federal Judicial Center’s workshop/meetings regarding class action notice and settlement administration.
- In 2014, Mr. Simmons was invited to be interviewed by the Consumer Financial Protection Bureau as an expert on notice and claims administration in class action litigation as part of their study on arbitration and consumer class litigation waivers

² Mr. Simmons suspended work on his dissertation to acquire and manage Analytics.

- In 2016, Mr. Simmons presented results of research regarding the impact of forms of notice on fund participation rates to the Federal Trade Commission.
- In 2019, Mr. Simmons was the only claims administration expert invited to be a panelist to the Federal Trade Commission's Workshop on Consumers and Class Action Notices, where he spoke regarding the impact of different forms of notice on settlement participation rates and improving response rates to class action notices.

JUDICIAL COMMENTS AND LEGAL NOTICE CASES

In evaluating the adequacy and effectiveness of Mr. Simmons' notice campaigns, courts have repeatedly recognized Mr. Simmons' work. The following excerpts provide recent examples of such judicial approval in matters where the primary issue was the provision of class notice.

Honorable Stephen J. Murphy III, *Doe 1 v. Deja vu Servs., Inc.*, No. 2:16-cv-10877, ECF No. 77 (E.D. Mich. June 19, 2017):

Also, the Plaintiffs certified that notice had been provided in accordance with the Court's preliminary approval order. The notices stated—in clear and easily understandable terms—the key information class members needed to make an informed decision: the nature of the action, the class claims, the definition of the class, the general outline of the settlement, how to elect for a cash payment, how to opt out of the class, how to object to the settlement, the right of class members to secure counsel, and the binding nature of the settlement on class members who do not to opt out.

* * *

In addition, the parties took additional steps to provide notice to class members, including through targeted advertisements on social media. The Court finds that the parties have provided the “best notice that is practicable under the circumstances,” and complied with the requirements of the Federal Rules of Civil Procedure, the Class Action Fairness Act of 2005, and due process.³

Associate Justice Edward P. Leibensberger, *Geanacopoulos v. Philip Morris USA, Inc.*, No. 9884CV06002, Dkt. No. 230 (Mass. Super. Ct. Sept. 30, 2016):

The Court finds that the plan of Notice as described in paragraphs 12 through 20 of the Settlement Agreement, including the use of email, mail, publication and internet notice, constituted the best notice practicable under the circumstances and constituted due and sufficient notice to the Class.

Honorable Edward J. Davila, *In re: Google Referrer Header Privacy Litig.*, No. 5:10-cv-04809, ECF No. 85 (N.D. Cal. Mar. 31, 2015):

³ Unless otherwise indicated, citations are omitted and emphasis is added.

On the issue of appropriate notice, the court previously recognized the uniqueness of the class asserted in this case, since it could potentially cover most internet users in the United States. On that ground, the court approved the proposed notice plan involving four media channels: (1) internet-based notice using paid banner ads targeted at potential class members (in English and in Spanish on Spanish-language websites); (2) notice via “earned media” or, in other words, through articles in the press; (3) a website decided solely to the settlement (in English and Spanish versions); and (4) a toll-free telephone number where class members can obtain additional information and request a class notice. In addition, the court approved the content and appearance of the class notice and related forms as consistent with Rule 23(c)(2)(B).

The court again finds that the notice plan and class notices are consistent with Rule 23, and that the plan has been fully and properly implemented by the parties and the class administrator.

Honorable Terrence F. McVerry, *Kobylanski. v. Motorola Mobility, Inc.*, No. 2:13-cv-01181, ECF No. 43 (W.D. Pa. Oct. 9, 2014):

The Court finds that the distribution of the Notice to Settlement Class Members Re: Pendency of Class Action, as provided for in the Order Granting Preliminary Approval for the Settlement, constituted the best notice practicable under the circumstances to all Persons within the definition of the Class and fully met the requirements of due process under the United States Constitution.

Honorable Thomas N. O’Neill, Jr., *In re: CertainTeed Fiber Cement Siding Litig.*, No. 2:11-md-02270, ECF No. 119 (E.D. Pa. Mar. 20, 2014):

Settlement class members were provided with notice of the settlement in the manner and form set forth in the settlement agreement. Notice was also provided to pertinent state and federal officials. The notice plan was reasonably calculated to give actual notice to settlement class members of their right to receive benefits from the settlement or to be excluded from the settlement or object to the settlement. The notice plan met the requirements of Rule 23 and due process.

Honorable Robert W. Gettleman, *In re Aftermarket Filters Antitrust Litig.*, No. 1:08-cv-04883, ECF No. 1031 (N.D. Ill. Oct. 25, 2012):

Due and adequate notice of the Settlement was provided to the Class. . . . The manner of giving notice provided in this case fully satisfies the requirements of Federal Rule of Civil Procedure 23 and due process, constitutes the best notice practicable under the circumstances, and constituted due and sufficient notice to all persons entitled thereto. A full and fair opportunity was provided to the members of the Class to be heard regarding the Settlements.

Honorable Marco A. Roldan, *Plubell v. Merck & Co., Inc.*, NO. 04CV235817-01, Final Judgment and Order (Mo. Cir. Ct. Mar. 15, 2013):

Under the circumstances, the notice of this Settlement provided to Class Members in accordance with the Notice Order was the best notice practicable of the proceedings and matters set forth therein, including the proposed Settlement, to all Persons entitled to such notice, and said notice fully satisfied the requirements due process and Missouri law.

Honorable James P. Kleinberg, *Skold v. Intel Corp.*, No. 2005-CV-039231, Order on Motion for Approval (Cal. Super. Ct. Mar. 14, 2013):

The Court finds that Plaintiffs proposed Notice plan has a reasonable chance of reaching a substantial percentage of class members.

Honorable J. Phil Gilbert, *Greenville IL v. Syngenta Crop Prot., Inc.*, No 3:10-cv-00188, ECF No. 325 (S.D. Ill. Oct. 23, 2012):

The Notice provided to the Class fully complied with Rule 23, was the best notice practicable, satisfied all constitutional due process requirements, and provides the Court with jurisdiction over the Class Members.
